

#TSM1-121

SUMMARY

- Profile : Male, 26, Single
- Nationality : Iranian
- Expertise : Mechanic & Hydraulic
- Current position : Mechanics Expert
- Company : Sabir International Co.

WORK EXPERIENCE

2017 – Present

Tunnel Saz Machine Company
Mechanics Expert

2016 – 2017

Sabir International Company
Mechanics Expert
Tehran Subway, Line 6 Project

2015

University of Mohaghegh Ardabili
Lecturer

2013 – 2014

Rahnavrdi Industrial Group
Designer of gearboxes and gear

2013 – 2017

Technical and professional organizations
Lecturer and expert

EDUCATION

2014

University of Mohaghegh Ardabili, Ardabil
Mechanic Engineering, Master

SPECIAL SKILLS

- Top rating of Baccalaureate exam&Member of the country's elite community
- Patent and manufacture of timing gearboxes&Rotary damper
- Getting Catie's Documents, Robotic Basics, PowerMill, Milling Degree 1, and Top Year Researcher from Technical & Vocational Organization
- Gold Medal of the 12th National Olympiad in Mechanical Engineering Design
- The author of the book design and simulation of the mechanisms

with the Autodesk Inventor software

- Scientific and research papers in the field:
 - ü Investigation of velocity changes in energy absorption of tubes under indirect load, Third National Conference on Engineering Science Development, 2016
 - ü Investigation of Energy Absorption and Optimization of Ductile Tubes under Direct and indirect Load, The First International Conference on Advanced Research Achievements in Mechanics, Mechatronics and Biomechanics, 2016
 - ü Investigation of velocity changes in tube energy absorption under direct loading, third conference on development of engineering science, 2016

LANGUAGES

- English

IT SKILLS

- Familiar with the ICDL computer
